Date: 2023/09/14	Date sent: 2023/06/16	Organisation: ST Microelectronics
Status: IMPLEMENTED		

Title:	HCMOS Dual Positive or Negative Edge Schmitt-Rretriggerable Monostable Multivibrators with		
Number:	9207/006	Issue:	5

Other documents affected:

Page:

11

Paragraph:

see timing chart in attachment

Original wording:

see timing chart in attachment

Proposed wording:

see timing chart in attachment

Justification:

Typographic error for ESSC 9207/006 issue 5 :
Some inconsistencies between the pin assignment/truth table and the timing chart :
1. The pin assignment CLR and Rext/Cext are swapped in the timing chart
2. the pin assignment A and ~A are swapped in the timing chart
3. the pin assignment B and ~B are swapped in the timing chart
