DOCUMENT CHANGE REQUEST

DCR number 860	Changes required for: Qualification	Originator: Bertrand Marty
Date: 2014/07/28	Date sent: 2014/05/05	Organisation: CNES
Status: IMPLEMENTED		

Title:	Power Inductors,Moulded, SMD, based on Series SESI		
Number:	3201/009	Issue:	10

Other documents affected:

Page:

5,8,11,12,13

Paragraph:

Table 1(a), range of components SESI series 15, Range of components SESI 32 , Figure 2-Physical dimensions and Figure 3- Functionnal diagram

Original wording:

Nothing to replace just addition of texts

Proposed wording:

Additoin of two variants in table 1(a) , Addition of two values for SESI 15 , Addition of table of range for SESI 32 and addition in figure 2 and figure 3 of dimensions and diagram SESI 32.

Justification:

Qualification of this new variants and values in last VOQ (2012) and present VOQ

Attachments:

dcr860___amended_dcr_attachment_(3201_009)_1.doc, modif_3201_009(2).doc

Modifications:

the following modifications should apply to this DCR860:

a) For original DCR items against Table 1(a):
For the 2 new values for Variants 02 & 03 (SESI 15) and the 18 values for new Variants 07 & 08 (SESI 32), delete the original DCR attachment and see replacement attachment with amended 2 significant figure inductance values for Table 1(a).

b) Add new DCR item:
For Variant 06 (page 10; SESI 22) value 19.2uH, amend the inductance value to be 19uH (i.e round down to 2 significant figures)
