Original wording:

See attachment (ESCC Detail Specification 22800 Draft 2A).

Proposed wording:

See attachment (ESCC Detail Specification 22800 Draft 2A). A summary of these changes is shown below.

Removal of the NCCS Form (Appendices II, III and IV)

Various editorial changes as a consequence of the removal of the NCCS Form, i.e.:
Update references to DCR and the location of the DCR Form, and replace references to Appendices II, III and IV with the relevant locations on the escies.org and spacecomponents.org websites.
Update communication / media exchange technology references as appropriate (e.g. "e-mail" replaces "telex").

Justification:

All changes proposed reflect the change in Policy regarding the location of ESCC Forms within the ESCC Specification System.

Note: this specification is to be updated in accordance with the Approved DCR No. 799 (software change from FrameMaker to MSWord 2010); it is proposed that the changes contained in both DCRs are implemented concurrently.
