Proposed wording:

Justification:

These three Detail Specifications have remained "unconverted" for > 1 year since ESCC Generic Specification 3202's conversion process (to Issue 2).

They are not in-line with the content of ESCC No. 3202 Issue 2 and therefore cannot be used in conjunction with it.

It has also been ascertained that the only known manufacturer, Trak Europe, believes it is not going to benefit from these specs being converted to the current ESCC format.
