Paragraph:

-

Original wording:

-

Proposed wording:

Extension:

317C Leach

318C Leach

73R STM

190M STM

251J Exxelia

88K REL STPI: Remark has been removed: "As from September 2015, in relation to NCCS 2STPI501 , each delivery of TL26 parts shall be subject to an official prior agreement by the ESCC Executive during a MRB."

Each delivery of TL26 parts are not subject to an official prior agreement by the ESCC Executive anymore. Monitored Thermal Cycling with continuous coil resistance measurements is systematically performed during Chart F2.

Removal:

The certificates 270 and 338 for Exxelia capacitors in Marmoutier have been removed from QPL. The qualified parts types from these certificates have been included into the newly created certificate 353.

New:

The certificate 353 has been issued for Exxelia capacitors. It includes the parts based on type PM94S (ESCC 3006/024) previously covered in certificate 270, the parts based on types PM907S and PM948S (ESCC 3006/025 and 3006/026) previously covered in certificate 338 and the newly qualified parts based on type PM90S (ESCC 3006/020).

Revision:

310Crev1 Leach: Revision 1 is for the implementation of periodic testing.
