

## DOCUMENT CHANGE REQUEST

DCR number	1181	Changes required for:	N/A	Originator:	Olivier Masson
Date:	2018/12/13	Date sent:	2018/10/19	Organisation:	C&K Components
Status:	IMPLEMENTED				

Title: Accessories for Connectors Microminiature 3401/029, 3401/077 and Connector Savers 3401/041

Number: 3401/032 Issue: 9

Other documents affected:

Page:

Page 9 and page 10 (variants 08 and 09)

Paragraph:

Replace self locking nut by standard nut and washer defined in Issue 6

Original wording:

Replace self locking nut by standard nut and washer defined in Issue 6

Proposed wording:

Replace self locking nut by standard nut and washer defined in Issue 6

Justification:

Request from users to have the possibility to tighten from front or rear.  
Self locking nut allows only to tighten from the front.  
Request from users to allocate new variant references (variants 20 and 21) to screwlock with self locking nut.  
Users want to have the choice between 2 types of screwlock sub assembly rear and front panel mounting
