| Title: | Generic Specification for Relays Electromagnetic RF Coaxial Switch Latching | | | | | |
| Number: | 3603 Issue: | | | 1 | | |
| Other documents affected: | | | | | | |
| | | | | | | |
| Page: | | | | | | |
| | | | | | | |
| Paragraph: | | | | | | |
| | | | | | | |
| Original wording: | | | | | | |
| | | | | | | |
| Proposed wording: | | | | | | |
| | | | | | | |
| Justification: | | | | | | |
| This retired spec is currently under the review of the CTB RF Working group who have prepared an new draft revision to be | | | | | | |
| put forward for ESCC/PSWG review in due course (Contact ESA/L.Farhat) (in collaboration with manufacturer Radiall). This retired Generic needs to be republished in order that a DCR can be raised in due course to submit the new Generic spec revision to review. | | | | | | |
