Retirement of specification 3201/006 R.F. Coils, Fixed, Based on Type S150

Paragraph:

Retirement of specification 3201/006 R.F. Coils, Fixed, Based on Type S150

Original wording:

Proposed wording:

Not applicable

Justification:

This specification covers just one single value from a whole family of coils manufactured by Piconics (Tyngsboro, MA, USA) and was probably raised for a single project use only. Piconics have confirmed that it has not been used for procurement for many years although they have confirmed that they will still supply coils in accordance with it. As it appears to be of no further use it is recommended that the document be retired.
