DOCUMENT CHANGE REQUEST

DCR number 1657	Changes required for: General	Originator: Steve Jeffery
Date: 2024/05/21	Date sent: 2024/04/08	Organisation: ESCC Executive
Status: IMPLEMENTED		

Title:	Switches Thermostatic Bimetallic SPDT Opening Contact		
Number:	3702/001	Issue:	9

Other documents affected:

Page:

12

Paragraph:

1.8.2

Original wording:

Terminal material shall be Type D with Type 19 finish...

Proposed wording:

See attachment "escc3702001iss10 draft A for DCR review.docx"

Justification:

This DCR is due to a request from the the only known supporting manufacturer, Comepa, who have confirmed they will now use a 'Sn60Pb40' terminal finish (i.e. Type '3' per ESCC 23500, which had been the specified terminal finish for all Variants in this specification until the finish type was changed to 19, via DCR1400, in 2021).
