

DOCUMENT CHANGE REQUEST

DCR number            1741            Changes required for:   General		Originator:   Steve Thacker	
Date: 2025/07/24                      Date sent: 2025/05/28		Organisation:   ESCC Executive Secretariat	
Status:   IMPLEMENTED			

Title:	Lightweight Accessories For Rectangular, Microminiature Connectors, 3401/029 And 3401/077		
Number:	3401/087	Issue:	5

Other documents affected:

Page:

Various - See attached spec mark-up

Paragraph:

Various - See attached spec mark-up

Original wording:

as per 3401/087 issue5

Proposed wording:

Specification to be updated to add new Variants (161 to 180) as requested by Glenair, plus make minor adjustments to the specified maximum weights of most variants, & correct various errors inadvertently included during implementation of DCR1702.

Note: these errors (i.e. see Figs 2g, 2i) should be confirmed with Manufacturer C&K as part of review of this DCR.

See attached spec mark-up Draft 6 for details of all proposed changes  
i.e.  
Corrections are highlighted blue  
Additions & changes are Specification to be updated to add new Variants (161 to 180) as requested by Glenair, plus make minor adjustments to the specified maximum weights of most variants, & correct various errors inadvertently included during implementation of DCR1702.

See attached spec mark-up Draft 6 for details of all proposed changes  
i.e.  
minor corrections are highlighted blue  
Additions & changes are highlighted yellow.  
Changes/corrections requiring C&K review/confirmation are highlighted green (Figs 2g, 2i) (additional changes to be included in this DCR may results from C&K's review)

Details:

- Table 1(a): marginally increase the specified maximum weight for many Variants (see attached for details)
- Table 1(a) and Figures 2e, 2f, 2g, 2h, 2i: add new Variants 161 to 180 (also in Table 1(a) Note 1) (see attached for details)

## DOCUMENT CHANGE REQUEST

DCR number 1741 Changes required for: General

Date: 2025/07/24

Date sent: 2025/05/28

Originator: Steve Thacker

Organisation: ESCC Executive  
Secretariat

Status: IMPLEMENTED

- Figures 2f, 2g, 2h : correct the Variant numbers to match those in Table 1(a) (see attached for details)
- Figure 2g: correct dimensions G H K L for shell size 9 (see attached for details)
- Figure 2i: correct title i.e. elliptical (not circular)
- Figure 2i: correct dimension L for shell sizes 9 to 51 (see attached for details)

Justification:

DCR raised on behalf of Glenair to incorporate additions & corrections.
