Correlation Listing of IC Specifications/Types/Classes of Publications Sorted by Part Type Number	 96

INTRODUCTION

This list comprises all ESCC documents and specifications which were published and under configuration control on the 29th November 2005 .

The ESCC documents and specifications are classified according to 5 levels, viz:

- LEVEL 0 - Policy
- LEVEL 1 - 1(0) Organisation Documents.
1(1) Support Documents.
1(2) Implementation Documents.
- LEVEL 2 - Basic Specifications.
- LEVEL 3 - Generic Specifications.
- LEVEL 4 - Detail Specifications.

However, to facilitate retrieval, they are not classified according to the above levels, but by the various classes of publication listed in the table of contents.

The ESCC documents are available from the ESCC web site: **<https://spacecomponents.org>**

The ESCC specifications are available from the ESCIES web site: **<https://escies.org>**.

CD-ROM images are also provided on the ESCIES web site.

If access to the web sites is not possible, queries may be directed to the secretariat:
