

ESCCON 2013 Atmel Space Supply Chain

Agencies, Customers &
Supplier :

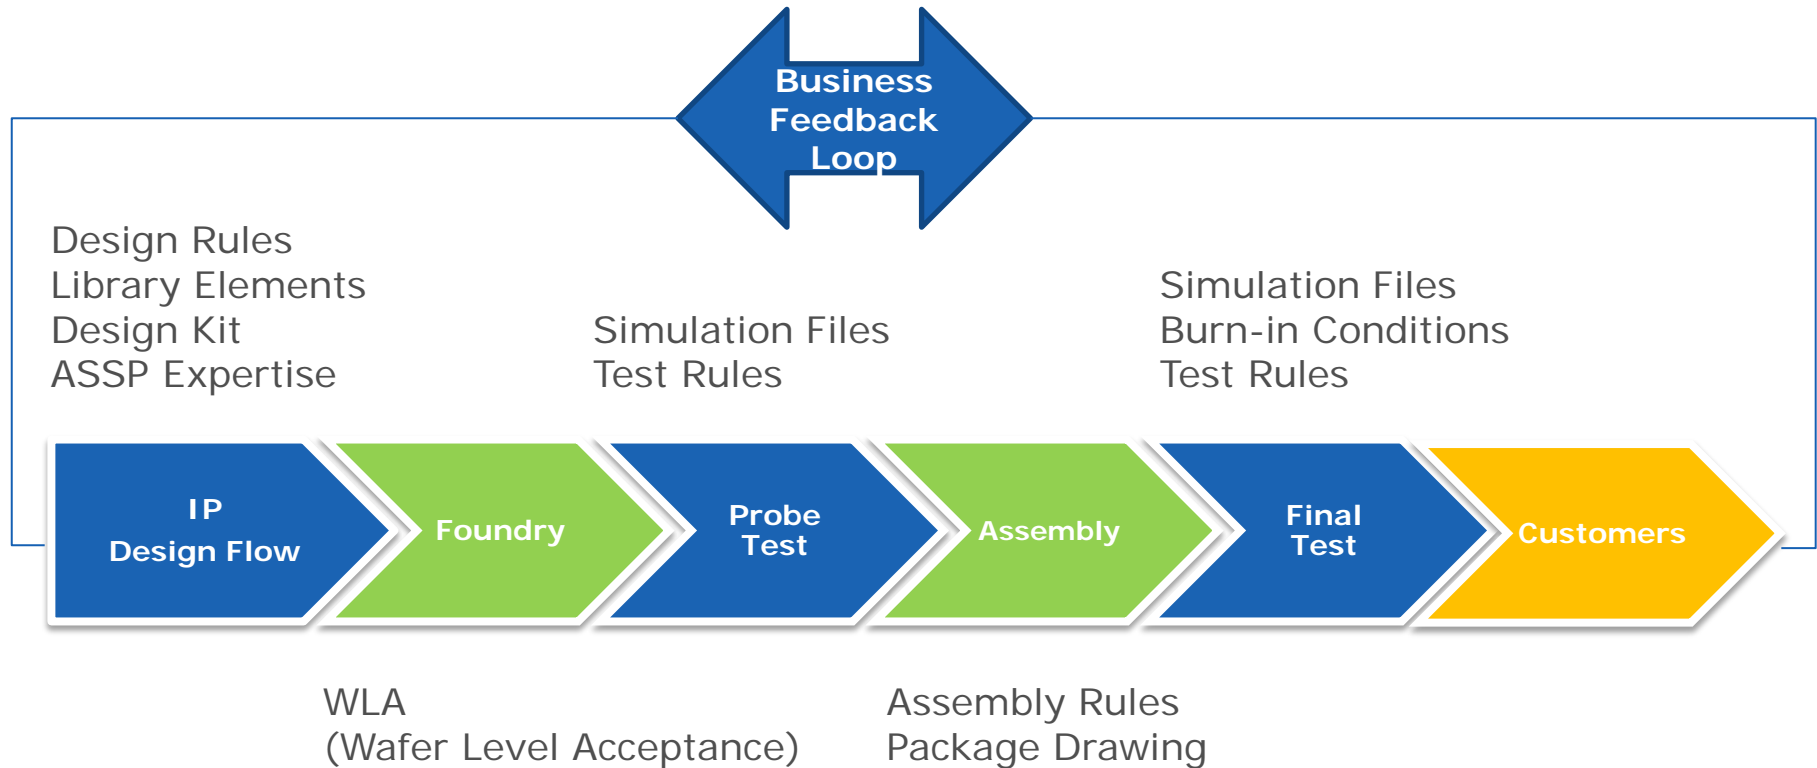

Supply Chain A Shared
Responsibility.

Patrick Sauvage

Space Supply Chain

Value added chain

Space Supply Chain

IP & Design Flow

IP

- Keep IP access alive to maintain investigation capabilities and process change implementation.
- Keep IP eco system available for business development .

Design Flow

- Keep golden design flow (design flow environment used for product tape out) alive to maintain design check and verification capability with new hypothesis.
- Keep ascending compatibility.

Design Migration

- Facilitate design migration capability to more advanced technology.

Simulation Of Environmental Constraints

- Keep alignment of design rules with customer environmental requirements.

Space Supply Chain

Foundry

Commercial Business

- Technology alive sustained with the right number of commercial wafer.

Share

- Space does not have the volume to self sustain its technology requirements.
- Piggy back space requirements on automotive requirements when feasible.

Second Sourcing

- Second sourcing strategy as long as your volume provider (commercial space sponsor) is in business.
- Otherwise End Of Life.

Space Supply Chain

Probe Test

Generate New Test Files

- Keep capability to generate test pattern from original simulation files.
- Keep golden wafers for future test correlation requirements.

Migration

- Keep ascending test platform compatibility.

In House

- No outsourcing.

Space Supply Chain

Assembly

Production Activity

- Assembly line alive sustained with the right production activity.

Consolidation

- Consolidate businesses as much as you can.

Second Sourcing

- Second sourcing strategy as long as you can.
- Otherwise End Of Life.

Space Supply Chain

Final Test

Generate New Test Files

- Keep capability to generate test pattern from original simulation files.
- Keep golden units for future test correlation requirements.

Migration

- Keep ascending test platform compatibility.

Migration

- Keep ascending burn-in oven compatibility.

In House

- No outsourcing.

Space Supply Chain

Supplier & Customers shared responsibility
