**ESCC Executive Public Notice (EPPN-2013-1 issue 1)  
New ESCC Qualification Approval Forms**

Dear Chief Inspectors,

Following a decision of the ESCC Policy and Standards WG the ESCC Executive has prepared new ESCC Qualification Approval and Extension of ESCC Qualification Approval Forms for the purpose of providing additional relevant test information frequently requested by customers, creating increased transparency and efficiency.

These forms differ from the previous ones mainly in the Annex 1 and Annex 2 as following:

- Annex 1 shall contain the List of Tests done to support Qualification as per related ESCC generic spec.
- Annex 2 shall contain the information related to the PID and Non Compliances to ESCC requirements if any.

Please note that the forms and Annex 1 will be published on ESCIES next to the relevant QPL entry.

Annex 2 will not be published on ESCIES and kept at ESCC executive secretariat only.

Please also note that we will only accept applications in the new format starting from October 2013.

All ESCC Qualification Approval Forms are available on our website:
