

RADIALl is the choice of Industry leaders across the globe when quality, reliability, and performance are mission critical. Our Space Qualified passive product offering includes a wide range of coaxial connectors, cable assemblies, microwave components, and switches with a frequency range up to Ka band.

RADIALl's rich space heritage includes more than 250 satellite programs dating back to 1974. Industry leaders across the globe recognize the Radiall brand for quality and reliability.

ESA QPL Components		ESCC spec #	Pictures
Connector type			
Generic specifications		3402	
SMA	MALE	3402001	
	FEMALE	3402002	
	ADAPTORS	3402003	
SMA 2.9	MALE	3402021	
	FEMALE	3402022	
	ADAPTORS	3402023	
Termination type			
Generic specifications		3403	
SMA DC-22 GHz	MALE / FEMALE	3403006	
SMA 2.9 DC-40 GHz	MALE / FEMALE	3403009	
Attenuator type			
Generic specifications		3403	
SMA DC-22 GHz	MALE / FEMALE	3403005	
SMA 2.9 DC-40 GHz	MALE / FEMALE	3403008
