Subject: ESA recommended microsectioning facilities

The following facilities are ESA recommended for inspection, microsectioning and assessment of the microsectioning of assembled devices mounted on verification boards, having been submitted to a verification programme in compliance with ECSS-Q-ST-70-07C, ECSS-Q-ST-70-08C and ECSS-Q-ST-70-38C.

The competencies of the laboratories have been assessed by ESA in compliance with ESA-TECMSP-MO-013161 (www.escies.org). These companies are considered as Category A as described in the ESA-TECMSP-MO-013162 (www.escies.org).

These companies may also provide expertise in the field of unpopulated Printed Circuit Board microsectioning.

The list of companies is uploaded on the escies website (www.escies.org).
